

*The team and our Stakeholder Advisory board at Waiheke Island 12 Nov 2024*

On 12 November 2024, we hosted our first in-person Stakeholder Advisory Board meeting at the Goldie Estate Vineyard, the University of Auckland's working vineyard on Waiheke Island.

We presented our latest experiments, findings and updates, followed by a discussion and exchange of ideas with our advisory board members. The feedback received during the discussions was highly valuable and will inform the next phases of our work.

We extend our thanks to all participants for their contributions and engagement, as well as to Goldie Estate for providing an inspiring environment for the meeting.
